Notice of

Annual Meeting
of Stockholders
To be held
April 26, 2001

To the Stockholders:

The Annual Meeting of Stockholders of Avery Dennison Corporation will be held at 150 North Orange Grove Boulevard, Pasadena, California, on Thursday, April 26, 2001, at 1:30 P.M. for the following purposes:

1. To elect four directors to hold office for a term of three years and until their successors are elected and have qualified; and
2. To transact such other business as may properly come before the meeting and any adjournments thereof.

In accordance with the Bylaws, the Board of Directors has fixed the close of business on Monday, February 26, 2001, as the record date for the determination of stockholders entitled to vote at the Annual Meeting and to receive notice thereof.

All stockholders are cordially invited to attend the meeting.

BY ORDER OF THE BOARD OF DIRECTORS

Robert G. van Schoonenberg
Secretary

Pasadena, California
Dated: March 12, 2001

Whether or not you presently plan to attend the Annual Meeting, in order to ensure your representation please vote by telephone or by using the Internet as instructed on the enclosed proxy card, or complete, sign and date the enclosed proxy card as promptly as possible and return it in the enclosed envelope (which does not require postage if mailed in the United States). If you attend the meeting and wish to vote in person, your proxy will not be used.

AVERY DENNISON CORPORATION
150 North Orange Grove Boulevard
Pasadena, California 91103

PROXY STATEMENT

This proxy statement is furnished to the stockholders on behalf of the Board of Directors of Avery Dennison Corporation, a Delaware corporation (hereinafter called the "Company"), for solicitation of proxies for use at the Annual Meeting of Stockholders to be held on Thursday, April 26, 2001 at 1:30 P.M. and at any and all adjournments thereof. A stockholder giving a proxy pursuant to the present solicitation may revoke it at any time before it is exercised by giving a subsequent proxy or by delivering to the Secretary of the Company a written notice of revocation prior to the voting of the proxy at the Annual Meeting. If you attend the meeting and wish to vote your shares in person, your proxy will not be used. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the election inspectors appointed for the meeting and will determine whether or not a quorum is present. Under the Company's Bylaws and Delaware law: (1) shares represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee which are represented at the meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum; (2) there is no cumulative voting and the director nominees receiving the highest number of votes, up to the number of directors to be elected, are elected and, accordingly, abstentions, broker non-votes and withholding of authority to vote will not affect the election of directors; and (3) proxies that reflect abstentions as to a particular proposal will be treated as voted for purposes of determining the approval of that proposal and will have the same effect as a vote against that proposal, while proxies that reflect broker non-votes will be treated as unvoted for purposes of determining approval of that proposal and will not be counted as votes for or against that proposal. The Company has retained D. F. King & Co., Inc. to assist in soliciting proxies for this meeting at a fee estimated at \$10,000 plus out of pocket expenses. Expenses incident to the preparation and mailing of the notice of meeting, proxy statement and form of proxy are to be paid by the Company. This proxy statement is to be mailed to stockholders on or about March 12, 2001.

The purpose of the meeting and the matters to be acted upon are set forth in the foregoing attached Notice of Annual Meeting. As of the date of this statement, other than the election of directors, management knows of no other business that will be presented for consideration at the meeting. However, if any such other business shall properly come before the meeting, votes will be cast pursuant to said proxies in respect of any such other business in accordance with the best judgment of the persons acting under said proxies. See "GENERAL -- Stockholder Proposals" below.

ELECTION OF DIRECTORS (Proxy Item 1)

The Bylaws of the Company presently provide for twelve directors, divided into three classes. Four directors are to be elected at the 2001 Annual Meeting and will hold office until the Annual Meeting in 2004 and until their successors are elected and have qualified. It is intended that the persons so appointed in the enclosed proxy will, unless authority is withheld, vote for the election of the four nominees proposed by the Board of Directors, all of whom are presently directors of the Company. In voting for the election of directors, each share has one vote for each position to be filled. All of the nominees have consented to being named herein and to serve if elected. In the event that any of them should become unavailable prior to the Annual Meeting, the proxy may be voted for a substitute nominee or nominees designated by the Board of Directors, or the number of directors may be reduced accordingly.

The following information, which has been provided by the directors, shows for each of the nominees for election to the Board of Directors and for each director whose term continues, his or her name, age, and principal occupation or employment during the past five years, the name of the corporation or other organization, if any, in which such occupation or employment is or was carried on, the period during which such person has served as a director of the Company and the year in which each continuing director's present term as director expires.

BOARD OF DIRECTORS AND COMMITTEE MEETINGS

During 2000, there were seven meetings of the full Board of Directors and ten meetings of committees of the Board. All directors of the Company attended at least 75% of the aggregate number of meetings of the Board and meetings of Board committees of which they were members held during the time they served on the Board or Committee.

Standing committees of the Board of Directors include the following:

The Audit Committee, which is composed of the following directors: Sidney R. Petersen (Chairman), Dwight L. Allison, Jr., Joan T. Bok, Kent Kresa and David E.I. Pyott, met twice during 2000. The functions of the Audit Committee are to aid the directors in undertaking and fulfilling their responsibilities for financial reporting to the stockholders; to support and encourage efforts to improve the financial controls exercised by management and to ensure their adequacy for purposes of public reporting; and to provide better avenues of communication between the Board of Directors, management and the external and internal auditors.

The Compensation and Executive Personnel Committee, which is composed of the following directors: John C. Argue (Chairman), Sidney R. Petersen, Frank V. Cahouet and David E.I. Pyott, met three times during 2000. The functions of the Compensation and Executive Personnel Committee are to review new or modified programs in the areas of executive salary and incentive compensation, deferred compensation, and stock plans and to review and make recommendations to the Board concerning management's proposed option grants, cash incentive awards and other direct and indirect compensation matters.

The Ethics and Conflict of Interest Committee, which is composed of the following directors: Joan T. Bok (Chairman), Sidney R. Petersen, Dwight L. Allison, Jr., Kent Kresa and David E.I. Pyott, met twice during 2000. The functions of the Ethics and Conflict of Interest Committee are to survey, monitor and provide counsel on an ongoing basis as to the business relationships, affiliations and financial transactions of directors, officers and key employees, as they may relate to possible conflicts of interest or the Company's Legal and Ethical Conduct Policy; to monitor the Company's compliance program; and to report and make recommendations to the full Board in instances where it is believed that possible violations of Company policy could exist.

The Finance Committee, which is composed of the following directors: Frank V. Cahouet (Chairman), Charles D. Miller, Peter W. Mullin, Dwight L. Allison, Jr., Philip M. Neal, Sidney R. Petersen, Joan T. Bok, Richard M. Ferry and Kent Kresa, met once during 2000. The functions of the Finance Committee are to assist the Board in consideration of matters relating to the financial affairs and capital requirements of the Company; to provide an overview of the financial planning and policies of the Company; and to review proposed budgets, bank loans and changes in the financial structure of the Company.

The Nominating Committee, which is composed of the following directors: Richard M. Ferry (Chairman), Charles D. Miller, John C. Argue, Peter W. Mullin and Philip M. Neal, met once during 2000. The functions of the Nominating Committee are to review the qualifications of candidates for board membership, to review the status of a director when his or her principal position and/or primary affiliation changes, to recommend to the Board of Directors candidates for election by stockholders at annual meetings, to recommend candidates to fill vacancies in directorships, to recommend to the Board of Directors the removal of a director, if in the Company's best interest, and to make recommendations to the Board of Directors concerning selection, tenure, retirement, and composition of the Board of Directors. Stockholders desiring to make recommendations concerning new directors must submit the candidate's name, together with biographical information and the candidate's written consent to nomination, to: Secretary, Nominating Committee of the Board of Directors, Avery Dennison Corporation, 150 North Orange Grove Boulevard, Pasadena, California 91103. Stockholders wishing to nominate new directors for election at an annual meeting must comply with the requirements described under the heading "GENERAL -- Stockholder Proposals" on p. 23.

The Strategic Planning Committee, which is composed of the following directors: Philip M. Neal (Chairman), Charles D. Miller, John C. Argue, Peter W. Mullin, Richard M. Ferry, Dwight L. Allison, Jr., Sidney R. Petersen, Frank V. Cahouet, Joan T. Bok, Kent Kresa and David E.I. Pyott, met once during 2000. The functions of the Strategic Planning Committee are to review the Company's long-term strategic plan, objectives, programs, and proposed acquisition candidates and divestitures; to review steps being taken to improve shareholder value; and to make recommendations to the Board of Directors on any of these matters.

The Executive Committee, which is composed of the following directors: Charles D. Miller (Chairman), Richard M. Ferry, Philip M. Neal, John C. Argue, Frank V. Cahouet, and Peter Mullin, did not meet during 2000. The function of the Executive Committee is to act on an interim basis for the full Board and to report all such actions to the Board for ratification at its next meeting.

Each director who is not an officer of the Company is paid an annual retainer fee of \$32,000 and attendance fees of \$1,500 per Board meeting attended, and \$1,400 per committee meeting attended as Chairman of the committee or \$1,200 per committee meeting attended as a member of the committee. The Chairmen of the Audit and Compensation and Executive Personnel Committees are each also paid an annual retainer fee of \$4,000, and the Chairmen of the Finance, Nominating and the Ethics and Conflict of Interest Committees are each paid an annual retainer fee of \$3,000. Under the directors variable deferred compensation plan, fees, which are deferred either accrue interest at a fixed rate based on the 120-month rolling average of ten-year U.S. Treasury Notes (plus, if the director ceases to be a director by reason of death, disability or normal retirement, 25% of such rate per annum), or accrue at the actual rate of return (less an administrative fee) of one of five investment funds managed by an insurance company. Benefits payable by the Company under this plan are secured with assets placed in an irrevocable trust. Under the directors deferred equity compensation program, directors fees may be deferred into stock units, which will be paid out in shares of Company stock at retirement. In addition, each non-employee director received a gift of 200 shares of the Company's common stock on April 27, 2000.

Directors are also eligible to participate in the Retirement Plan for Directors, whereby individuals who serve on the Company's Board of Directors after 1982 and subsequently terminate their service as a director with at least five years' tenure, are entitled to receive an annual benefit from the Company equal to the annual director retainer fee plus 12 times the regular meeting fee, as such fees are in effect on the date of termination, payable to the director (or to the director's surviving spouse of at least one year or other designated beneficiary) for the number of full or partial years the director served on the Company's Board. Following the death of the director's surviving spouse, or if there is no surviving spouse living at the time of the death of the director, any benefits will be paid to one or more secondary beneficiaries designated by the director prior to his or her death until the first to occur of: (i) receipt of the maximum benefit to which the director would have been entitled had he or she survived; (ii) the death of the secondary beneficiaries, if natural persons; or (iii) benefits have been paid under the plan to the director, surviving spouse, and/or the secondary beneficiaries for a combined period of ten years.

Non-employee directors also participate in the 1988 Stock Option Plan for Non-Employee Directors ("1988 Plan"), pursuant to which options to purchase a total of 20,000 shares (2,000 shares for each non-employee director) of Company common stock were granted in 2000 to the non-employee directors eligible to receive grants under such plan. The option price for each such option granted is 100% of the fair market value of Company common stock on the date of grant. All options granted have a term of ten years, and become exercisable in two cumulative installments of 50% of the number of shares with respect to which the option was initially granted, on each of the first and second anniversaries of the grant date, except that all options owned by a director which are unexercisable on the date the director retires at or after age 72 will become fully exercisable on the date of such retirement. Under the CAP, non-employee directors have the opportunity to defer until retirement the receipt of gain realized on exercise of stock options. The 1988 Plan calls for each non-employee director to receive an option grant with respect to 5,000 shares upon joining the Board of Directors, and automatic annual grants of 2,000 shares thereafter to each continuing non-employee director.

(1) Amounts shown include amounts earned but deferred at the election of executive officers under the Company's deferred compensation plans and Employee Savings Plan, a qualified defined contribution plan under Section 401(k) of the Code.

(2) Amounts paid to Mr. Scarborough, Mr. Caldwell and Mr. Calderoni include \$63,465, \$32,092 and \$36,000, respectively, for mortgage differential payments related to relocation expenses.

(3) Amounts for 1999 and 1998 consist of cash payments under the Company's Executive Long-Term Incentive Plan ("LTIP") for the cycles which were completed on December 31, 1998 and December 31, 1996, respectively (for the cycle completed in 1996, half was paid in 1998).

(4) Amounts consist of (i) Company contributions to deferred compensation plans and Company contributions to the Company's Employee Savings Plan, a 401(k) plan ("Savings Plan"); and (ii) interest earned on deferred compensation accounts above 120% of the applicable federal rate ("above market interest"). These amounts for 2000 are \$51,850 and \$29,717, respectively, for Mr. Neal; \$22,839 and \$0, respectively, for Mr. Scarborough; \$23,752 and \$5,560, respectively, for Mr. Caldwell; \$19,879 and \$13,241, respectively, for Mr. van Schoonenberg and \$21,274 and \$0, respectively, for Mr. Calderoni.

(5) Mr. Calderoni resigned from the Company at the end of 2000.

Option Grants

The following table shows information regarding options granted in 2000 to each of the named executive officers under the 1990 Stock Option and Incentive Plan (the "1990 Plan" or "1990 Stock Option Plan") or the 1996 Stock Incentive Plan (the "1996 Plan").

(1) Non-qualified stock options were granted at fair market value for a term of ten years under the 1990 or the 1996 Plan. With the exception of Mr. Scarborough's first grant which vests 50% after 3 years and 50% after 6 years, the options vest nine years and nine months from the date of grant, but are eligible for accelerated vesting, beginning three years from the date of grant, if the Company meets a return on total capital test, which measures the Company's return on total capital against that of a specified group of other companies approved by the Compensation and Executive Personnel Committee.

(2) The Compensation and Executive Personnel Committee may accelerate the time at which an option becomes exercisable, and in the event of a "change of control" of the Company (as defined in the option agreement) options become immediately exercisable.

(3) Option grant date values were determined using a Black-Scholes option-pricing model adapted for use in valuing executive stock options. In determining the Black-Scholes value, the following underlying assumptions were used: (i) stock price volatility is measured as the standard deviation of the Company's stock price over the three years prior to grant (ranges from .3115 to .3521); (ii) dividend yield is measured as the cumulative dividends paid the last twelve months as a percentage of the twelve-month average of the month-end closing prices (for the month in which the dividend was declared) prior to grant of the option (ranges from 1.3467% to 1.650%); (iii) the risk-free rate of return represents the weekly average of the ten-year Treasury bond rates for the 52 weeks immediately preceding the grant date of the options (ranges from 6.06% to 6.11%); (iv) option term represents the period from the date of grant of each option to the expiration of the term of each option (10 years); (v) vesting restrictions are reflected by reducing the value of the option determined by the Black-Scholes model by 5% for each full year of vesting restrictions, assuming that exercisability of the options were accelerated to the fifth anniversary of the option grant date as a result of meeting the performance condition described in footnote (1) as of that date (i.e., 25%). In the event that the performance condition described in footnote (1) is met later than the fifth anniversary of the grant date, or is not met during the term of the options, the grant date present value of the options would be lower. In the event that such performance condition is not met at all and the options become exercisable nine years and nine months after the options are granted, the grant date present value of the options would be \$580,000 for Mr. Neal; \$232,000 for the second grant for Mr. Scarborough; and \$136,300 for Mr. van Schoonenberg. The Black-Scholes option pricing model calculates a cash equivalent value for an option on the date of grant. The Company's use of such model is not intended to forecast any future appreciation in the price of the Company's stock. In addition, no gain to the optionees is possible without appreciation in the price of the Company's common stock, which will benefit all stockholders. If the market price of the stock does not exceed the exercise price of the options at some time after the options become exercisable or if they terminate unvested or unexercised, the value of the options will ultimately be zero.

Option Exercises and Fiscal Year-End Values

The following table shows for each of the named executive officers the shares acquired on exercise of options during 2000, the difference between the option exercise price and the market value of the underlying shares on the date of such exercise, and (as to outstanding options at December 31, 2000) the number of unexercised options and the aggregate unrealized appreciation on "in-the-money," unexercised options held at such date.

(1) Market value of the common stock at the exercise date minus the exercise price of the options exercised. Amounts in this column represent the value realized by the named executive upon the exercise of stock options granted in prior years. All options had exercise prices equal to the market price of the Company's stock on the date the options were granted, and vested on the basis of the executive's continued employment with the Company. Thus, the amount realized upon exercise of the options resulted directly from appreciation in the Company's stock price during the executives' tenure with the Company.

(2) Market value of the common stock at December 31, 2000 minus the exercise price of "in-the-money" options.

Long-Term Incentive Plan Awards

Under the Long-Term Incentive Plan (the "LTIP"), key executives recommended by the Company's Chief Executive Officer and designated by the Compensation and Executive Personnel Committee of the Board of Directors (the "Committee") are eligible to earn a deferred cash incentive award based on the financial performance of the Company and, in some cases, its business units. Participants in the LTIP are eligible to earn a deferred cash incentive award after the end of each three-year performance cycle, which cycles generally begin every other year (e.g., 1998 and 2000). A new cycle commenced in 2000 (2000-2002) and future cycles will commence every other year (e.g., 2002 and 2004).

The following table shows, for each of the named executive officers, the estimated future payouts, if any, under the LTIP for the performance cycle which began in 2000. Threshold amounts are the minimum amounts which could be paid under the LTIP and assume that the minimum level of performance is achieved with respect to only one of the two pre-established performance objectives, (earnings per share and cumulative economic value added) during the performance cycle. If such performance is not achieved, amounts would be zero. In addition, maximum awards would not be paid unless the Company achieved pre-established objectives substantially in excess of these objectives.

LONG-TERM INCENTIVE PLANS -- AWARDS IN LAST FISCAL YEAR(1)

Name	Number of Shares, Units or Other Rights (#)	Performance or Other Period Until Maturaton or Payout(2)	Estimated Future Payout Under Non-Stock Price Based Plans(3)(4)		
			Threshold (\$)	Target (\$)	Maximum (\$)
Philip M. Neal	--	3 years	\$169,260	\$728,000	\$1,456,000
Dean A. Scarborough	--	3 years	101,935	440,800	881,600
Kim A. Caldwell	--	3 years	88,245	381,600	763,200
Robert G. van Schoonenberg	--	3 years	78,440	339,200	678,400

(1) Each listed executive officer has been designated by the Committee as a participant in the LTIP for the performance cycle which began in 2000 and is eligible to receive a deferred cash incentive award, after the end of that cycle, based on a percentage of the named executive's base salary in effect at the end of the performance cycle. (Mr. Calderoni left the Company at the end of 2000 and is not eligible for an award from the 2000-2002 cycle.) The threshold (minimum), target and maximum awards are 18.6 percent, 80 percent and 160 percent of the executive's base salary, respectively. The amount of the executive's award will depend on the Company's actual performance during the performance cycle versus the pre-established performance objectives. See "Report of Compensation and Executive Personnel Committee on Executive Compensation" for a more detailed description of the LTIP.

(2) The performance cycle began on January 1, 2000 and ends on December 31, 2002.

(3) Estimated future payouts under the LTIP are calculated using projected salaries for the executive officers as of the end of the performance cycle.

(4) Upon a "change of control" (as defined in the LTIP) of the Company, each executive will be entitled to receive a cash payment equal to the named executive's target award based on his or her annual base salary rate in effect at the time of the change of control.

Retirement Plan

The Company provides retirement benefits for employees under the Retirement Plan for Employees of Avery Dennison Corporation (the "Retirement Plan") and the Benefit Restoration Plan (the "BRP") described below. Benefits under the Retirement Plan are based on compensation and are calculated separately for each year of service using the formula 1.25% times compensation up to the breakpoint (currently \$33,060, which is the average of the Social Security wage bases for the preceding 35 years) plus 1.75% times compensation in excess of the breakpoint. The results of the calculation for each year of service are added together to determine the annual single life annuity Retirement Plan benefit for an employee at normal retirement (age 65). The benefit is not subject to reductions for Social Security payments or other offsets.

Amounts payable under the Retirement Plan may be reduced in accordance with certain Code provisions which, as applied to plan years beginning on or after December 1, 1994, limited the amount of compensation used to determine annual benefit accruals under the Retirement Plan to the first \$160,000 of covered compensation and which limited the annual pension benefit payable under the Retirement Plan to \$130,000. The Company established the BRP in 1995 to provide for the payment of supplemental retirement benefits to eligible employees, including each of the individuals listed in the table on page 9, whose Retirement Plan benefits are limited under the foregoing Code provisions. The BRP is an unfunded excess benefit plan, which is administered by the Company. Benefits are payable under the BRP in amounts equal to the amount by which a participant's benefits otherwise payable under the Retirement Plan, with respect to periods from and after December 1, 1994, are reduced under the applicable provisions of the Code.

Compensation covered by the Retirement Plan includes both salary and bonus amounts, less amounts deferred at the election of employees under the Company's deferred compensation plans and the Company's Employee Savings Plan. However, the BRP covers compensation without deduction of amounts deferred under such plans. Hence the retirement benefits payable to each of the individuals listed in the table on page 9 under the Retirement Plan and the BRP, taken together, will be based (for each year of service from and after December 1, 1994) on the sum of the salary and bonus amounts (including all deferred amounts), earned in each such year. The estimated annual benefits payable to each of these individuals at normal retirement are \$335,506 for Mr. Neal, \$356,189 for Mr. Scarborough, \$267,121 for Mr. Caldwell, and \$201,726 for Mr. van Schoonenberg, respectively. These estimated benefits do not include any assumption for annual increases in compensation.

The Supplemental Executive Retirement Plan (the "SERP"), adopted in 1983, is designed to provide its participants with additional incentives to further the Company's growth and development and as an inducement to remain in its service. Participants designated by the Committee of the Board of Directors are offered benefits under this plan to supplement those to which they may be entitled at the time of their retirement. The Committee has designated Mr. Neal as a participant in this plan. Mr. Neal's benefits will commence upon his retirement at a benefit level which, when added to the benefits to which he will be entitled from the Retirement Plan, the BRP and the SHARE Plan at the time of his retirement, Company contributions to the Employee Savings Plan and Social Security, will equal 62.5% of his final average compensation (average of his annual salary plus annual bonus for the last three years of employment). Assuming benefits commence in 2005, Mr. Neal's estimated annual retirement benefit under the SERP would be \$722,820. Survivor and disability benefits are also payable under the SERP under certain circumstances. Benefits payable under the SERP are secured with assets placed in an irrevocable trust. The cost of benefits payable under the SERP will be recovered from the proceeds of life insurance purchased by the Company, if assumptions made as to life expectancy, policy dividends, and other factors are realized.

Other Information

On April 15, 1997, the Company entered into an agreement with Mr. Neal, which agreement was amended on May 1, 2000 to reflect his promotion to Chairman and Chief Executive Officer, providing that, if his employment is terminated for any reason other than for death, disability, cause or voluntary resignation without good reason (as such terms are defined in the agreement), he (i) will receive a payment equivalent to a pro-rated annual bonus for the year of termination; salary and bonus (based on his highest combined annual base salary plus bonus in any of the three previous years) for three years or until he reaches age 65 (the "severance period"); and additional retirement and supplemental retirement benefits which would have accrued during the severance period; (ii) will continue to participate in welfare benefit plans (such as medical, dental, and life insurance) for three years (but reduced to the extent such benefits are provided by another employer); (iii) will receive three additional years of age and service credit under the Company's deferred compensation plans; (iv) will receive payments under the LTIP for performance cycles which commence during the severance period; and (v) his unvested stock options will be accelerated. Upon any such termination, Mr. Neal will be entitled to purchase the Company automobile, if any, then being provided for his use at its depreciated book value, and to have assigned to him at no cost (although Mr. Neal must reimburse the Company for the cash value of the policy, if any) and with no apportionment of prepaid premiums, any assignable insurance policy then owned by the Company specifically relating to him. If such termination occurs after a change of control, the Company will pay for outplacement services not to exceed \$50,000. Amounts to which Mr. Neal would be entitled under the agreement are reduced to the extent of any compensation which he earns from any new employment or services performed during the severance period. Mr. Neal will be reimbursed for any excise taxes that are imposed under Section 4999 of the Code.

On April 15, 1997, the Company entered into an agreement with Mr. Caldwell. On August 1, 1997, the Company entered into an agreement with Mr. Scarborough, which was amended on May 1, 2000 to reflect his promotion to President and Chief Operating Officer. These agreements are substantially the same as Mr. Neal's described above, except (i) the severance period following termination is one year before a change of control and three years after a change of control; (ii) coverage under welfare benefit plans and additional age and service credit under the Company's deferred compensation plans following termination is one year before a change of control and three years (or the minimum age and service credit required for early retirement benefits and the retirement interest rate) after a change of control; and (iii) there are no comparable provisions relating to payments under the LTIP or assumption of insurance policies. On March 16, 1996, the Company entered into an agreement with Mr. van Schoonenberg providing that, if his employment with the Company is terminated for any reason other than for death, disability, cause, or voluntary resignation without good reason (as such terms are defined in the agreement), he will receive a payment equivalent to two years salary and bonus, continue to participate in benefit and incentive plans for a two-year period, his unvested options will be accelerated, and he will receive the minimum age and service credit required for early retirement eligibility and other purposes; in the event of such termination within two years of a change of control, he will receive a payment equal to three times salary and bonus, payment for LTIP and reimbursement for excise taxes.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "1934 Act") requires the Company's executive officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities (collectively, "Insiders"), to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission (the "SEC") and the New York Stock Exchange. Insiders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on its review of the copies of such reports furnished to the Company and written representations from certain Insiders that no other reports were required for such Insiders, the Company believes that, during the 2000 fiscal year, Insiders complied with the Section 16(a) filing requirements applicable to Insiders.

REPORT OF COMPENSATION AND EXECUTIVE PERSONNEL COMMITTEE
ON EXECUTIVE COMPENSATION

The Committee has furnished the following report on executive compensation.

Overall Policy

The Company's executive compensation program is designed to be closely linked to Company performance and returns to stockholders. To this end, the Company developed several years ago overall compensation strategy and specific compensation plans that tie a significant portion of executive compensation to the Company's success in meeting specified performance goals and to appreciation in the Company's stock price. The overall objectives of this strategy are to attract and retain the best possible executive talent, to motivate these executives to achieve the goals inherent in the Company's business strategy, to link executive and stockholders' interests through equity based plans and finally to provide a compensation package that recognizes individual contributions as well as overall business results.

Each year the Committee, which is comprised exclusively of non-employee directors, conducts a review of the Company's executive compensation program. This review includes an assessment of the effectiveness of the Company's compensation program and a comparison of the Company's executive compensation and performance to comparable public corporations, including companies within the Peer Group described under "Stockholder Return Performance." The Company retains from time to time the services of executive compensation consultants to provide to the Company and the Committee comparative data, benefit design advice and analysis of the cost of incentives provided.

The Committee determines the compensation of the Company's 10 executive officers, including the individuals whose compensation is detailed in this proxy statement, and sets policies for and reviews the compensation awarded to another approximately 66 highly compensated executives. This is designed to ensure consistency throughout the executive compensation program. In reviewing the individual performance of the 9 executive officers (other than Mr. Neal), the Committee takes into account the detailed performance reviews and recommendations of Mr. Neal.

The key elements of the Company's executive compensation program consist of base salary, annual bonus, stock options, and, for certain executives, participation in the LTIP. The Committee's policies with respect to each of these elements, including the basis for the compensation paid and awarded to Mr. Neal, Chairman and Chief Executive Officer, are discussed below. In addition, while the elements of compensation described below are considered separately, the Committee takes into account the full compensation package afforded by the Company to the individual executive.

Under the 1993 Omnibus Budget Reconciliation Act ("OBRA") and Section 162(m) of the Code, income tax deductions of publicly-traded companies may be limited to the extent total compensation for certain executive officers exceeds \$1 million (less the amount of any "excess parachute payments" as defined in Section 280G of the Code) in any one year, except for compensation payments which qualify as "performance-based." To qualify as "performance-based," compensation payments must be based solely upon the achievement of objective performance goals and made under a plan that is administered by a committee of outside directors. In addition, the material terms of the plan must be disclosed to and approved by stockholders, and the Committee must certify that the performance goals were achieved before payments can be made. The Committee has designed certain of the Company's compensation programs to conform with the Section 162(m) of the Code and related regulations so that total compensation paid to any employee covered by the Section 162(m) should not exceed \$1 million in any one year, except for compensation payments which qualify as "performance-based." However, the Company may pay compensation, which is not deductible in certain circumstances, when sound management of the Company so requires.

Base Salaries

Base salaries for new executive officers are initially determined by evaluating the responsibilities of the position to be held and the experience of the individual, and by reference to the competitive marketplace for executive talent, including a comparison to base salaries for comparable positions at other companies. The Company participates each year in two nationwide salary surveys of between approximately 350 and 400 large public companies performed by nationally recognized compensation consulting firms. The Committee uses the data compiled from these surveys to assist it in establishing base salaries. In general, base salaries and total compensation for executives are targeted to a range that is within the third quartile (the fourth quartile being the highest) of the compensation paid by such other companies. Mr. Neal's base salary is also targeted in this range, and his total compensation is targeted to a range within the fourth quartile. In addition, in establishing salary levels within that range, the Committee considers the competitiveness of the executive's entire compensation package. For 2000, his salary level was within or below this range, based on competitive salary data compiled in 1999 and updated for use in 2000.

Annual salary adjustments are determined by evaluating the performance of the Company and of each executive officer, reviewing base salaries for comparable positions at other companies contained in the salary surveys described above, and, for selected senior executives, including Mr. Neal, comparing the total compensation packages of the executive, including base salary, with those of the companies in the Peer Group described under "Stockholder Return Performance." In addition, the Committee takes into account any new responsibilities. In the case of executive officers with responsibility for a particular business unit, such unit's financial results are also considered. The Committee, where appropriate, also considers non-financial performance measures. These include increases in market share, manufacturing efficiency gains, improvements in product quality, customer service, working capital management, employee safety, relations with employees and leadership development.

With respect to the base salary granted to Mr. Neal in 2000, the Committee took into account a comparison of base salaries of chief executive officers of the other companies contained in the salary surveys described above; the total compensation packages of the executives, including base salary, of the companies in the Peer Group described under "Stockholder Return Performance," the Company's success in exceeding several financial goals in 1999, including return on total capital ("ROTC") and earnings per share ("EPS"); the performance of the Company's common stock against the Peer Group; and the assessment by the Committee of Mr. Neal's performance, including his individual leadership with respect to the development of long-term business strategies for the Company to improve its economic value, leadership development, succession planning and management continuity. The Committee also took into account Mr. Neal's considerable experience in both operating and corporate positions, which has enabled him to make significant contributions to the Company. Mr. Neal was granted a base salary of \$825,000 in 2000 (effective May 2000), which was an increase of 6.5% over his \$775,000 base salary for 1999.

Annual Bonus

The Company's executive officers, other than Mr. Neal, are eligible for an annual cash bonus under the Company's Executive Leadership Compensation Plan (the "Executive Bonus Plan"). Under the Executive Bonus Plan, individual and corporate performance objectives are established at the beginning of each year. Eligible executives are assigned threshold, target and maximum bonus levels. The Company performance measure for bonus payments is based on several financial goals, including, in 2000: ROTC and EPS. In 2000, the Company exceeded each of its targeted financial goals, each of which is given approximately equal weight for the senior executive officers. For other executive officers with responsibility for a particular group, each of which consists of several business units, the performance measure is based on the group's net income, economic value added and sales. The sales performance measure is weighted more heavily than the group's net income and economic value added for determining bonuses. The Committee weighs these financial goals very heavily. The Committee also considers the individual non-financial performance measures described above under "Base Salaries" in determining bonuses under the Executive Bonus Plan, but to a much lesser extent than the financial goals described above.

Mr. Neal is eligible for an annual cash bonus under the Company's Senior Executive Leadership Compensation Plan (the "Senior Executive Bonus Plan") which, along with the Executive Bonus Plan was approved by stockholders in 1999 as part of the Company's policy to design certain of the Company's compensation programs to conform with Section 162(m) of the Code and related regulations. Payments under the Senior Executive Bonus Plan are based solely on the achievement of one or more of the following pre-established objective performance goals: ROTC, EPS, return on sales ("ROS"), economic value added ("EVA"), return on equity ("ROE"), net income, cash flow, sales and total shareholder return (defined as cumulative shareholder return, including the reinvestment of dividends, on the Company's common stock), subject to the Committee's discretion to decrease awards which would otherwise be payable under the Senior Executive Bonus Plan. In addition, no bonuses are payable to the chief executive officer, chief operating officer or chief financial officer (who is currently a participant in the Executive Bonus Plan) unless the Company's pre-tax return on stockholders' equity exceeds a minimum threshold and, in such event, the total of such executives' bonuses may not exceed a specified percentage of the Company's pre-tax return on stockholders' equity in excess of that minimum threshold. In 2000, the Company substantially exceeded each of its targeted performance goals (ROTC and EPS) under the Senior Executive Bonus Plan. Based on this performance, Mr. Neal was awarded a cash bonus of \$1,000,000, which is 7.5% more than the bonus paid for 1999.

Stock Options

Under the 1990 Plan and 1996 Plan, stock options are granted to the Company's executive officers. The size of stock option awards is determined by the Committee using as a guideline a formula, which takes into account competitive compensation data. The formula does not take into account the amount of stock options previously awarded to the executive officers, although the Committee may do so. In the event of poor Company or individual performance, the Committee may elect not to award options or to grant options on fewer shares.

Stock options are designed to align the interests of executives with those of the stockholders. The Committee believes that significant equity interests in the Company held by the Company's management align the interests of stockholders and management. The Company has adopted a stock ownership philosophy for officers and directors, which encourages each officer and director to achieve and maintain certain specified levels of stock ownership during his or her tenure with the Company.

Stock options are granted with an exercise price equal to the market price of the common stock on the date of grant and with a ten-year term. Except for special grants, which vest 25% per year, and for Mr. Scarborough's first grant of 20,000 options in 2000, which vest 50% after 3 years and 50% after 6 years, options for the executive officers (including the individuals whose compensation is detailed in this proxy statement) vest nine years and nine months from the date of grant, subject to accelerated vesting beginning three years from the date of grant if the Company meets a return on total capital, which measures Company's return on total capital against that of a specified group of other companies approved by the Compensation and Executive Personnel Committee. Options for executives who do not participate in the LTIP vest 25% per year over four years. This approach is designed to promote the creation of stockholder value over the long-term since the full benefit of the compensation package cannot be realized unless stock price appreciation occurs over a number of years.

In 2000, Mr. Neal received options to purchase 50,000 shares with an exercise price of \$54.0313 per share. As of December 31, 2000, Mr. Neal held in trust 108,170 shares of the Company's common stock and, with the 2000 grant, holds options to purchase an additional 654,000 shares, of which options to purchase 339,000 shares were exercisable at December 31, 2000.

LTIP

Under the LTIP, key executives recommended by the Company's Chief Executive Officer and designated by the Committee are eligible to earn a deferred cash incentive award based on the financial performance of the Company and, in some cases, its business units. Participants in the LTIP are eligible to earn a deferred cash incentive award after the end of each multi-year performance cycle, which cycles generally begin every other year (e.g., 1998 and 2000).

During 2000, the Committee designated each of the executive officers whose compensation is detailed in this proxy statement, and certain other executives, as participants in the LTIP for the performance cycle, which began in 2000.

Each of the most senior group of executives who is designated as a participant in the LTIP (including Mr. Neal and the other executives whose compensation is detailed in this proxy statement) ("Senior Executives") will be eligible to receive (after the end of the performance cycle (2002)) a deferred cash incentive award of a percentage of the participant's base salary in effect at the end of the cycle. The threshold (i.e., minimum), target and maximum awards are 18.6 percent, 80 percent and 160 percent of the executive's base salary, respectively. The award is based on the Company's achievement of certain pre-established EPS and cumulative economic value added objectives, each of which is given equal weight. The threshold award of 18.6 percent of base salary will be earned if the Company meets at least 80 percent of the EPS or cumulative EVA objective. The target award of 80 percent of base salary will be earned if the Company achieves 100 percent of each of the EPS and cumulative economic value added objectives. The maximum award will be earned only if the Company achieves pre-established objectives substantially in excess of these objectives.

Participants other than Senior Executives ("Other Participants") are divided into categories under the LTIP based on their positions with the Company. Target and threshold awards are based on the Company's achievement of certain pre-established EPS and cumulative economic value added objectives (each of which is given equal weight) or, for executives who are responsible for a business unit, the unit's achievement of pre-established sales, net income and cumulative business unit economic value added objectives (each of which is given equal weight). Threshold awards for Other Participants, ranging from 7 percent to 14 percent of base salary (depending on the category) will be earned if at least 80 percent of one of the applicable objectives is met. Target awards ranging from 30 percent to 60 percent of base salary will be earned if 100 percent of all objectives are achieved. Maximum awards ranging from 60 percent to 120 percent of base salary, depending on the category, will be earned only if the Company achieves pre-established objectives substantially in excess of these objectives and, for executives who are responsible for a business unit, such business unit reaches certain levels of achievement of its sales, net income and cumulative business unit economic value added objectives. In addition, for Other Participants, the Committee may, in its discretion, provide for deferred cash incentive awards in excess of the awards which would be made based on the formulas contained in the LTIP.

Conclusion

Through the programs described above, a very significant portion of the Company's executive compensation is linked directly to individual and Company performance and stock price appreciation. In 2000, approximately 50% of the Company's executive compensation (over 65% for the individuals listed in the table on page 9) consisted of these performance-based variable elements. For Mr. Neal, approximately 69% of his 2000 compensation consisted of performance-based variable elements. The Committee intends to continue the policy of linking executive compensation to Company performance and returns to stockholders, recognizing that the ups and downs of the business cycle from time to time may result in an imbalance for a particular period.

STOCKHOLDER RETURN PERFORMANCE

The graph on the next page compares the Company's cumulative stockholder return on its common stock, including the reinvestment of dividends, with the return on the Standard & Poor's 500 Stock Index (the "S&P 500 Index") and the average return, weighted by market capitalization, of a peer group of companies (the "Peer Group"). In addition, the Company has included the median return of the Peer Group in the graph because, under the Company's LTIP, Company performance is measured against the performance of other companies using a percentile approach in which each company is given equal weight regardless of its size.

The Peer Group is comprised of Air Products & Chemicals Inc., Armstrong Industries Inc., ArvinMeritor, Inc., Baker-Hughes, Incorporated, Bemis Company, Incorporated, Black & Decker Corporation, Boise Cascade Corporation, Cabot Corporation, Crane Company, Dana Corporation, Danaher Corporation, Dover Corporation, Eaton Corporation, Ecolab Incorporated, Engelhard Corporation, Ethyl Corporation, Federal-Mogul Corporation, Ferro Corporation, H. B. Fuller Company, The B. F. Goodrich Company, W. R. Grace & Company, Great Lakes Chemical Corporation, Harris Corporation, Harsco Corporation, Hercules Incorporated, Illinois Tool Works Incorporated, Ingersoll-Rand Company, MASCO Corporation, The Mead Corporation, Moore Corporation Limited, NACCO Industries, National Service Industries, Incorporated, Newell Rubbermaid Incorporated, Olin Corporation, P.P.G. Industries Incorporated, Parker-Hannifin Corporation, Pentair Incorporated, Pitney Bowes Incorporated, PolyOne Corporation, Sequa Corporation, The Sherwin-Williams Company, Snap-On Tools Corporation, Sonoco Products Company, Stanley Works, Tecumseh Products Company, Thermo Electron Corporation, Thomas & Betts Corporation, Timken Company, Union Carbide Corporation, and Westvaco Corporation.

During 2000, four companies were removed from the Peer Group for all periods due to merger/acquisition activity. These companies include Arvin Industries Incorporated, which merged into ArvinMeritor Inc., Mark IV Industries Incorporated, which was acquired by a private European company, M.A. Hanna Company, which merged with Geon to form PolyOne Corporation, and Nalco Chemical Company, which was acquired by Suez Lyonnoise des Eaux. ArvinMeritor Inc, Dover Corporation, PolyOne Corporation and Thermo Electron Corporation have been included for all periods.

CERTAIN TRANSACTIONS

Peter W. Mullin is the chairman and chief executive officer and a director of MC Insurance Services, Inc. ("MC"), Mullin Insurance Services, Inc. ("MINC") and PWM Insurance Services, Inc. ("PWM"), executive compensation and benefit consultants and insurance agents. Mr. Mullin is also the largest stockholder of MC and the majority stockholder of MINC and PWM. During 2000, the Company paid insurance companies premiums for life insurance placed by MC, MINC and PWM in 2000 and prior years in connection with various Company employee benefit plans. In 2000, MC, MINC and PWM earned commissions from such insurance companies in an aggregate amount of approximately \$1,594,000 for the placement and renewal of this insurance, in which Mr. Mullin had direct and indirect interests of approximately \$958,000. In addition, in 2000 PWM had a minority interest in SCA Consulting, L.L.C. ("SCA"). During 2000, the Company paid SCA a total of \$273,400 for consulting assignments from which Mr. Mullin will receive an indirect benefit of approximately \$3,400.

VOTING SHARES

Stockholders of record, at the close of business on February 26, 2001, are entitled to notice of, and to vote at, the Annual Meeting. There were 110,245,091 shares of common stock of the Company outstanding on February 26, 2001.

Principal Stockholders

Whenever in this proxy statement information is presented as to "beneficial ownership," please note that such ownership indicates only that the person shown, directly or indirectly, has or shares with others the power to vote (or to direct the voting of) or the power to dispose of (or to direct the disposition of) such shares; such person may or may not have any economic interest in the shares. The reporting of information herein does not constitute an admission that any such person is, for the purpose of Section 13 or 16 of the 1934 Act, the "beneficial owner" of the shares shown herein.

To the knowledge of the Company, the following were the only persons who, as of December 31, 2000, owned beneficially 5% or more of the outstanding common stock of the Company.

Name and Address of Beneficial Owner	Number of Shares Beneficially Owned	Percent of Class
Avery Dennison Corporation Employee Stock Benefit Trust ("ESBT") Wachovia Bank, N.A., Trustee 301 North Church Street Winston-Salem, NC 27101	12,758,017(1)	11.6%

(1)The ESBT and Wachovia Bank, N.A., as Trustee, disclaim beneficial ownership of these shares.

The Company's Employee Savings Plan, SHARE Plan and Retirement Plan (the "Plans") together owned a total of 8,834,287 shares of Company common stock on December 31, 2000, or 8.0% of the common stock then outstanding. Although the Company is the Administrator of the Plans, each plan was established and is administered to achieve the different purposes for which it was created for the exclusive benefit of its participants, and employees participating in the Plans are entitled to vote all shares allocated to their accounts. Accordingly, such plans do not constitute a "group" within the meaning of Section 13(d) of the 1934 Act.

INDEPENDENT AUDITORS

The Board of Directors has selected PricewaterhouseCoopers LLP ("PwC") to serve as the Company's independent auditors for the fiscal year 2001. Representatives of PwC will be present at the Annual Meeting and will have the opportunity to make a statement, if they so desire. They will also be available to respond to appropriate questions.

Fees billed to the Company by PwC for fiscal year 2000 were as follows:

Audit Fees. The aggregate fees billed by PwC for professional services rendered for the audit of the Company's financial statements for fiscal year 2000 were \$3.0 million.

Financial Information Systems Design and Implementation Fees. The aggregate fees billed by PwC for professional services rendered for design and implementation of financial, payroll and human resources information systems for fiscal year 2000 were \$12.6 million. This project was awarded to PwC on the basis of a competitive bidding process. Services for this limited-term project included systems and process design, as well as the establishment of centralized shared service operations in Europe and North America. These new systems are designed to consolidate earlier information systems and greatly improve system efficiency and information sharing.

All Other Fees. The aggregate fees billed by PwC for professional services, other than the services described above for fiscal year 2000, were \$3.6 million and included services related to technical accounting, income tax, internal controls, and mergers and acquisitions.

AUDIT COMMITTEE REPORT

The following Report of the Audit Committee of the Board of Directors does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee of the Company's Board of Directors (the "Audit Committee") is composed of five independent directors set forth below, each of whom meets the independence standards of the New York Stock Exchange. The Audit Committee has a written charter adopted by the Board of Directors (see Exhibit A).

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and to issue an opinion thereon. The Audit Committee's responsibility is to monitor and oversee these processes. The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting. Members of the Audit Committee rely without independent verification on the information provided to them and the representations made by management and the independent auditors.

Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee has reviewed and discussed the consolidated financial statements for the year ended December 30, 2000 with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended. The Company's independent auditors have also provided to the Audit Committee the written disclosures and the letter from the independent auditors required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees). The Audit Committee has discussed independence matters with the independent auditors and management, and, based on its discussion and review, the Audit Committee is satisfied that the provision of non-audit services, described above, is compatible with maintaining PwC's independence.

Based on the Audit Committee's discussions with management and the independent auditors and on the Audit Committee's review of the representations of management and the report of the independent auditors, the Audit Committee has recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 30, 2000, filed with the Securities and Exchange Commission.

AVERY DENNISON CORPORATION
AUDIT COMMITTEE CHARTER

The Audit Committee is appointed by the Board to assist the Board in monitoring (i) the reasonableness of the financial statements of the Company, (ii) the compliance by the Company with regulatory requirements applicable to the financial statements, and (iii) the independence and performance of the Company's independent auditors.

The members of the Audit Committee shall consist of no fewer than three members, and shall meet the independence and experience requirements of the New York Stock Exchange.

The following functions shall be common recurring activities of the Committee in carrying out its oversight function. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances.

The Audit Committee shall:

1. Make periodic reports to the Board.
2. Review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval.
3. Review with management and the independent auditors the annual audited financial statements to be included in the Company's Annual Report on Form 10-K to be filed with the Securities and Exchange Commission (SEC) (or the Annual Report to Shareholders if distributed prior to the filing of Form 10-K), including accounting and auditing principles and practices as well as the adequacy of internal controls that could significantly affect the Company's financial statements.
4. Review with management significant judgments made in connection with the preparation of the Company's financial statements.
5. Review with management and the independent auditor, as a Committee or through Committee Chairman, the Company's quarterly financial statements prior to the release of quarterly financial results.
6. Recommend to the Board the appointment of the independent auditor, which firm is accountable to the Audit Committee and the Board.
7. Review the range of costs of audit and non-audit services performed by the independent auditor. Approve the fees to be paid to the independent auditor for audit services.
8. Receive annual reports from the independent auditor regarding the auditor's independence, discuss such reports with the auditor, and if so determined by the Audit Committee, recommend that the Board take appropriate action to satisfy itself of the independence of the auditor.
9. With the Board, evaluate the performance of the independent auditor and, if so determined by the Audit Committee, recommend that the Board replace the independent auditor.
10. Discuss with the independent auditor the matters required to be discussed by the Statement on Auditing Standards (SAS) No. 61 (as amended by SAS No. 90) issued by the Auditing Standards Board, relating to the conduct of the audit.
11. Approve the Audit Committee report required by the rules of the SEC to be included in the Company's annual proxy statement.
12. Meet at least annually with the Company's senior internal auditing executive and the independent auditor in separate executive sessions.

Although the Audit Committee has oversight responsibility and the authority set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management.
